PROFILE

Technical Quality Specialist with expertise in driving excellence in coding education and mentorship. Certified in Full Stack Web Development, with a focus on evolving into a Frontend Developer. Successfully completed a certified Full Stack Web Developer Bootcamp, showcasing proficiency in JavaScript, MongoDB, Express, React, and Node.js. Professional strengths include creative visualization, attention to detail and time management. Focused on bringing new ideas to life by tackling software development challenges to achieve lasting impacts on user experience. Currently seeking opportunities to further refine and expand my skill set in a dynamic and growth-oriented environment.

EDUCATION

Full Stack Web Developer Bootcamp

HyperionDev

JUNE 2022 - OCT 2022

BSc. Honours Environmental Management

University of South Africa

JAN 2018 - JUNE 2021

BSc. Environmental Science

University of KwaZulu-Natal

JAN 2014 - APRIL 2017

WORK EXPERIENCE

Technical Quality Specialist

HyperionDev | April 2024 - Current

Managing coding mentor onboarding, training, and quality assurance processes. Conducting regular synchronous and asynchronous meta-reviews and provided support for code reviews. Assisting in reviewing technical tests for new hires and address mentor performance issues. Implementing training workshops to enhance code reviewer skills and maintained mentor upskilling schedules.

Coding Mentor - Web Development and Software Engineering

HyperionDev | Dec 2022 - March 2024

Providing mentorship via online 1:1 calls, assisting students to understand and solve coding problems whilst fostering motivation. Conducting code reviews, offering comprehensive feedback to students to enhance their learning experience. Guiding mentors in metareviews, ensuring the delivery of high quality feedback that contributes to student's proficiency in coding.

English Teacher

Altiora Campus | March 2020 - Feb 2022

Taught English to second language students at two schools in South Korea. Created educational plans to help students develop their language skills in a stimulating and conducive classroom atmosphere.
